Re: Notice of Preparation, Draft Environmental Impact Report  
Hillcrest Station Area Specific Plan  
SCH# 2008052128

Dear Mr. Carniglia:

Section 99152 of State of California Public Utilities Code and FTA 49 CFR Part 659 Final Rule requires the California Public Utilities Commission (CPUC) to provide safety oversight of rail fixed guideway systems. The design criteria of the proposed project must comply with CPUC General Orders (GOs), such as "Safety Rules and Regulations Governing Light-Rail Transit", (GO) 143-B, "Rules and Regulations Governing State Safety Oversight of Rail Fixed Guideway Systems", GO 164-D, "Overhead Electric Line Construction", GO 95, and "Regulation, Governing the Construction, Reconstruction, Maintenance and Operation of Automatic Train Control Systems with Respect to Train Detection and Separation, Route Interlocking, Speed Enforcement and Right of Way Hazard Protection on Rapid Transit Systems requirements", GO 127. For questions regarding this oversight, please contact Mr. Vincent Kwong at (415) 703-2565.

Very truly yours,

A handwritten signature in cursive that reads "Daniel Kevin".
