

## INFORMATION SYSTEMS DEPARTMENT (FUND)

The Information Systems Department serves as an internal service provider to all City departments. The department encompasses the City's computer technology and telecommunications systems. Departmental responsibilities include all television productions, security systems, special project management and support of all City computer systems including Finance and Police systems; planning, implementing and supporting all information system upgrades and replacements, including personal computers, servers, data networks; coordinating Internet services; providing service and maintenance of the City's telephone systems; management and support of GIS related activities throughout the City; and providing planning and oversight of the City's equipment replacement fund.

Information Systems Department Divisions:

Information Services Administration  
 Network and Personal Computer Support Services  
 Telephone Systems Program  
 GIS Support Systems  
 Office Equipment Replacement

## INFORMATION SERVICES ADMINISTRATION

Information Services Administration provides for the automation activities of the City. The primary responsibilities are in television productions, security systems, project management, support of City-wide network and Police systems.

### 2005-2006 Accomplishments

- Developed Business Continuity Plan
- Evaluated remote upgrades for police mobile units and purchased hardware and software for such
- Developed specifications for backup hardware for Police Department and purchased hardware and software
- New audio system in Council Chambers
- New DVD system in Council Chambers for better archiving of meetings
- New video surveillance system in Finance department
- Conducted 5 training classes on email and file management

### 2006-2007 Objectives

- Have security audit performed on network
- Evaluate wireless connections between remote facilities for data and possible voice transfer
- Install and test remote upgrades for police mobile units
- Begin testing of digital recorders for better archiving of meetings
- Begin development of Mutual Aid agreements with other East Contra Costa cities
- Create permanent Project Manager position
- Install video surveillance system in other City Hall locations for security
- Conduct 6 training classes on email and file management

## NETWORK AND PERSONAL COMPUTER SUPPORT SERVICES

Network and Personal Computer Support Services is responsible for the operating environment and customer support of the City's personal computers, servers, data networks and Internet services.

### 2005-2006 Accomplishments

- Completed computer training room at Corporation Yard
- Video and audio surveillance in interview rooms at Police Station
- Changed web hosting company and moved web server to Arizona for site failure protection
- Finished upgrade of City of Antioch website
- Tested and installed software for better maintenance of personal computers
- Installed kiosk outside of Personnel for access to job listings
- Replaced 4 servers
- Replaced 86 computers
- Increased redundancy of domain name servers

### 2006-2007 Objectives

- Develop specifications for server room at police station.
- Support 244 computers and 15 servers.
- Purchase and install software for remote software upgrades of mobile data Police computers
- Install paging system in City Hall for security
- Begin evaluation of virtual servers for production use
- Develop redundancy for City email

## TELEPHONE SYSTEMS SERVICES

Telephone Systems Services provides service and maintenance of the City's telephone systems.

### 2005-2006 Accomplishments

- 99.8% uptime of telephone switches
- Installed Interactive Voice Response to queue callers
- Installed new voice mail system, for more robust performance and to assist caller queuing

### 2006-2007 Objectives

- Begin evaluation of Voice Over Internet Protocol (VOIP) over next 24 month time line for possible replacement of existing telephone system.
- Uptime of 99.6% of telephone switches

## GIS SUPPORT SYSTEMS

GIS Support systems is responsible for the management and support of GIS-related activities throughout the City's different departments. Major activities include design, development, and maintenance of numerous spatial databases, acquisition and data conversion of assessor parcel data from Contra Costa County's Public Works Department, GIS data linkage to internal software applications, as well as management of all GIS data exchanged between the City and outside consultants or contractors. The GIS division also provides support to all departments for GIS software applications over the City's internal network.

### 2005-2006 Accomplishments

- Completion of the Storm Water Asset Inventory Project.
- Computerized Maintenance Management System (CMMS) Project initiation, implementation, training, and data conversion, with a link to the City's GIS-based asset inventory.
- Successful implementation and maintenance of the GIS street centerline files used by the Data 911 dispatch software and Automated Vehicle Location (AVL) system used by the Police Department.
- Successful upgrade of GIS software from version 8.3 to 9.0 across the City's internal computer network.

### 2006-2007 Objectives

- Update the Sanitary Sewer System Asset Inventory.
- Update the Water System Asset Inventory. This update will include all new subdivision improvements, capital improvement projects, commercial improvements within public easements, and public works projects.
- Update all data included on the Economic Development and Internal GIS Web Sites.
- Completion of street centerline intersection maintenance project for the Police Department.
- Continued maintenance, training and support for all City departments utilizing GIS.

## LOSS CONTROL FUND

The Loss Control Program provides consultation services to City departments in the area of workers' compensation claim cost control and compliance with California OSHA requirements. Staff in this fund is also responsible for assisting departments in maintaining a safe workplace for employees by managing an aggressive health and safety program.

### 2005-2006 Accomplishments

- Re-tooled the Public Works safety program, which included identifying areas of risks to employees which had previously been unaddressed.
- Created and implemented a safety compliance check and incentive program for Public Works Crews, targeting key OSHA requirements for their environment.
- The Loss Control program continues to hold workers' compensation cost down, and has reduced our workers' compensation litigation rate down from 12% to 4%, resulting in a significant savings in premium.
- Implemented the RN First Call/Company Nurse Program which allows injured employees to contact a registered nurse and receive medical advice.
- Completed Level II of the MPA's Loss Control Accreditation Program, which awards the City with \$2,000 for addressing key loss control issues designed to reduce workplace injuries and identify hazards.

### 2006-2007 Objectives

- Continue claims cost reduction efforts and maintain the 4% litigation rate in workers' compensation.
- Complete Level III of the Municipal Pooling Authority's (MPA) Control Accreditation Program.
- Continue to maintain the city-wide employee wellness and safety program that reduces workplace injuries and encourages employee health and fitness.

## VEHICLE EQUIPMENT MAINTENANCE FUND

Vehicle Repair and Replacement is included in the Equipment Maintenance Fund. The fund accounts for the maintenance and replacement of vehicles and equipment used by all City departments. The source of revenue for this fund is rental fees charged to the various departments.

Fleet Services is responsible for all maintenance and repairs of the City's fleet of vehicles and equipment, including small municipal equipment such as mowers, saws, blowers and edgers. Fleet services provides the following services: support to other divisions in the form of design and fabrication; develops equipment and contract work specifications; purchases vehicles; arranges for disposal of retired vehicles and equipment, provides fueling services to the City's fleet; provides a variety of reports and schedules for other departments.
