BIDDER'S CERTIFICATION

I acknowledge receipt of this Addendum No. 3 and accept all conditions contained herein.

Bidder

By:

Of the 12 TB how much is the following for a full backup:

- Vmware, 1TB
- Exchange, 40GB
- MS SQL, 70GM
- Oracle, 130GB
- Videos, Images, Rich Media, 5TB
- File Data, 4TB

What is your data change rate per year? 20 to 25%

What is the average size of your daily incremental backups?

What is your desired online retention on disk? 8 weeks

30 days? 60 days? Longer?

How long on tape? Min. 2+ years

Is the goal to eliminate tape? No

What is your current backup window? Nights and weekends

What is your anticipated replication window? Nights and weekends

How much of the 12TB of data needs to be replicated off site? All

All of the data is in scope?

How much if not all?

How much bandwidth is available between sites to perform the replication? 10Mb

Is this dedicated bandwidth or shared with application use during the day? Shared with user app. Data

If shared, how much is allocated for backups? About half

Does the 12TB include all full and incremental backups for the entire 8 week retention period?

No, 12TB is the total amount of data we backup during a full.

What is the size of a single full backup?

See above

What is the average size of an incremental backup?

200MB

Will the City please confirm that its capacity requirement is for 6 incremental + 1 full per week and 1 full per month, with the period of 8-weeks?

Yes
