

Municipal RV Storage Facility

3060 Gentrytown Drive

The City's Municipal RV Storage facility located in west Antioch currently has space available for lease. The facility has recently been renovated with improved parking layout, security and the property management. Our month-to-month lease requires no deposit and can be cancelled with 30 day written notice.

The new 24-hour security system provides state-of-the-art security technology and prompt police response in the event of a break-in. The card reader system tracks the identity of persons entering and leaving the facility.

With spaces up to 40' available, convenience, security and excellent customer service are just a few of the benefits of storing your RV in Antioch.

Please contact Michelle Walker, Public Works (925) 779-6950 if you would like additional information or to reserve your space.
