FOR IMMEDIATE RELEASE

SATURDAY FOOD TRUCK EVENT COMING TO DOWNTOWN ANTIOCH

ANTIOCH, CA – The City of Antioch is scheduled to add a food truck event to its Downtown Antioch Summer Concert series on Saturday evenings. Moveable Feast is scheduled to start food truck programming alongside the Summer Concert series on July 8th, 2017. A first for downtown, this event will be located at the 2nd Street public parking lot between I and G Streets. This event hopes to draw more people into Antioch's downtown, increasing foot traffic for the area. Truck lineups are being put together in the next coming weeks that will include a variety of foods. Food Truck Saturdays is scheduled to take place every Saturday evening from 5:00-9:00 p.m., July 8th through August 26th. This event will give people an opportunity to walk just a few feet away from Waldie Plaza, where Summer Concerts are located, to grab a bite to eat. Moveable Feast will also include seating, games and other activities.

Moveable Feast is a premier street food event production company based out of Silicon Valley. Operating over 800 events per year, they are responsible for the Taco Festival of Innovation and the Bacon Festival of America. Moveable Feast turns ordinary public spaces into unique bustling social scenes. This added programming is a great fit to compliment the Downtown Antioch Saturday Summer Concert series, combining music, food and family friendly activities. As part of the City's revitalization efforts Waldie Plaza is getting some needed improvements that include seating, lawn and landscaping. We hope that this year Waldie Plaza improvements along with the food truck program will improve the concert experience downtown.

If you are interested in having your food truck at this event, please email: info@mvblfeast.com
